EXPLORE A CAREER IN THE HEALTH SCIENCES!

We invite interested high school students and young adult learners from rural, remote and Indigenous communities across New Brunswick, Prince Edward Island, Nova Scotia and Newfoundland & Labrador to join us online for a glimpse into the many career opportunities in medicine and health sciences.

The day includes a dynamic keynote lecture, two interactive workshops, a Career Panel and 1:1 peer networking.

The Canadian Medical Hall of Fame is committed to fostering inclusion and supporting the leadership efforts at Canadian universities to change the diversity pathway to medicine and the health sciences.

We encourage students who self-identify as Indigenous, Black or a Person of Colour, or who come from a rural or known disadvantaged socioeconomic background to attend this event.

LEARN MORE

I wasn't completely sure what Discovery Day was before I attended, and I had a ton of fun! The workshop was great, but there was so much more to the program that was awesome! The virtual platform actually worked very well.
