WORKSHOPS

ACCESS CODE	TITLE	DESCRIPTION	MAX	PRESENTER(S)
3282	A01 A Health Care Career for You?	This presentation will review health care careers and discuss the Regulated Health Professions Act and the various professional health care Colleges and Associations. Pre-requisites, level of training and how to apply to each discipline will be reviewed. In depth discussion of rehabilitation, specifically Physiotherapy, will be provided, followed by an interactive question and answer period.	20	Brock Chisholm (Rehabilitation Sciences)
3283	A02 Becoming a Registered Dietitian	In this workshop you will understand what scope of practice a Registered Dietitian encompasses and how to become one.	20	Adrianna Bressan Justine Glover (Northern Ontario Dietetic Internship Program)
3284	A03 Assessing Capillary Refill: Why is 2 seconds important?	During this presentation we will introduce you to the Bachelor of Science in Nursing program at Lakehead University. We will show a short video of our simulation lab in the School of Nursing followed by an interactive nursing assessment including the theory behind it as well as emphasizing critical thinking in nursing practice.	30	Amanda Ruck Caroline Sabotig Catherine Schoales (School of Nursing)
3285	A04 Let's Talk About Dementia!	In this workshop we will talk about what dementia is, discuss truths and myths about dementia, and students will have the opportunity to virtually experience what it may be like to live with dementia.	30	Shauna Fossum Kara Kruk (Alzheimer Society of Thunder Bay)
3286	A05 Careers in Speech-Language Pathology	We will be discussing what a career in Speech-Language Pathology looks like (e.g., scope of practice, pathways to becoming an S-LP). We will also demonstrate how an S-LP can work with individuals from birth to 99+ and include interactive activities to highlight various speech and language disorders.	25	Cindy Davis-Maille Sarah Tinkler-Josephi (Speech-Language Pathology)

3287	A06 A Day in the Life of a Radiologist	In this workshop, you will learn how to become a Radiologist and what a Radiologist does on a daily basis. You will see different types of imaging and learn their uses (X-ray, Ultrasound, CT scan, MRI), as well as view and discuss how a brain appears when someone has a concussion. You will then have the opportunity to identify different types of imaging and different diagnoses/findings that can be seen in the images. The session will wrap up with a Q&A about Radiology and Diagnostic Imaging.	30	Dr. Amer Alaref (Diagnostic Imaging)
3288	A07 Arts-Based Mindfulness Activities	In this workshop, you will learn about mindfulness and how to practice it in your day-to-day life and understand how it can help you cope.	30	Dr. Diana Coholic (School of Social Work)
3289	A08 Intro to the World of Kinesiology!	Presenters will introduce a variety of practical topics covered in Lakehead's kinesiology program, the study of body movement.	30	Dr. Taryn Klarner-Read Leanne Smith (School of Kinesiology)
3292	A09 Biomedical Research and Discovery (Bilingual)	In this workshop, I will talk about the journey from high school to working as a Professor and health science researcher followed by a Q&A (French or English). In the 2nd half, an interactive session on how research ideas turn into clinical therapies will take place.	80	Dr. Jeffrey Gagnon (Department of Biology)

IMPORTANT NOTES:

- **STUDENT & TEACHER REGISTRATION BEGINS TUESDAY, MAY 4**
 - Instructions for students and teachers to register on Accelevents, the event platform we are using to deliver the program, will be emailed to contact teachers at pre-registered schools by noon.
 - Students will need to obtain a ticket (free) to the workshop of their choosing by entering the corresponding "ACCELEVENTS CODE" as noted above in column one.
 - Interested teachers will be directed to obtain a "Teacher" ticket (free), valid for any open session on event day.
 - Student tickets include access to exhibits, keynote lecture, corresponding workshop, panel discussion and optional peer 'meet-up'.
 - Teacher tickets include access to exhibits, keynote lecture, available workshops, panel discussion and optional peer 'meet-up'.
 - **STUDENT & TEACHER REGISTRATION DEADLINE: WEDNESDAY, MAY 12**
