WORKSHOPS (AM: 10 :00 – 11 :00 PT | 11 :00 – 12 :00 MT | PM: 11 :30 – 12 :30 PT | 12 :30 – 1 :30 MT)

CODE	TITLE	DESCRIPTION	TIME(S)	PRESENTER(S)
A01	<i>Journey to Medicine</i>	From growing up in rural community, to undergraduate studies, to medical school! Hear my story and explore the unique aspects of rural learning and medicine. All questions are welcomed and will be happily answered.	AM & PM	Jordyn Henderson (University of Northern British Columbia)
A02	<i>Careers in Medical Imaging</i>	We invite you into the world of a rapidly evolving and dynamic career with Medical Imaging! A career in Medical Imaging combines the beauty of patient care and the fascinating scientific technological skillsets to provide diagnosis and treatment for numerous patients in outpatient to acute care settings.	AM & PM	Kerri Smith (Vancouver Coastal Health, BC)
A03	<i>CardiacCrash</i>	Participate in the Heart and Stroke Foundation's newest, award-winning, interactive, virtual, hands-only CPR course: CardiacCrash! Everyone who attends this workshop will get a certificate for completing the course. Here is a link for what to expect: https://vimeo.com/818364674/5006dc526a Following the CardiacCrash Course, there will be the opportunity to ask questions about what it's like to do CPR in real life. NOTE: To get the most out of this workshop, participants should try to have something available to do CPR on. For example, a volleyball, or a rolled-up yoga mat, or even a pillow!	AM & PM	Esther Rees (Inuvik Regional Hospital, NT)
A04	<i>Path to Becoming a Family Doctor</i>	In this virtual workshop, we will talk about a career in medicine, specifically you will be introduced to primary care. You will have a chance to take a patient history, order investigations, and review those results to figure out what is going on and how to help your patient.	AM & PM	AM : Dr. Yotakahron Jonathan (Áuxváiásuúilas Heiltsuk Hospital and Bella Bella Medical Clinic Vancouver Coastal Health, BC) PM : Dr. Lindsey Campbell (Watson Lake, YT)
A05	<i>Bachelor of Science in Nursing: A Degree of Possibilities</i>	Join the presenter as she shares her journey from high school to BSN undergraduate student, to Emergency Trauma RN, to Adult and Pediatric Forensic Nurse Examiner, and Faculty in the BSN program at Douglas College. Learn about the possibilities and opportunities associated with a BSN degree.	AM only	Mackenzie Lister (Douglas College, BC)

		Consider if this degree is right for you and/or if you are a good fit for a career in nursing. There will be ample time provided for questions and answers related to the nursing profession.		
A06	<i>Lettuce taco 'bout being a Dietitian</i>	In this interactive workshop you will learn about nutrition myths, how to become a dietitian, and hear a quick 'day in the life' from a variety of dietitians working in rural and remote Northern BC.	AM only	Judy April Erin Branco Shelly Crack Lise Luppens Michael Wesley (Northern Health, BC)
A07	<i>Introduction to Psychiatric Nursing</i>	This workshop will offer a comprehensive introduction to the field of psychiatric nursing, designed for individuals considering a career in mental health care or those seeking to better understand this vital nursing specialty. The role of the psychiatric nurse in the health care team, and the opportunities for employment will be explored and discussed. A review of the curriculum in Psychiatric Nursing Program at Douglas College including therapeutic relations, mental health assessment, crisis intervention, and trauma informed care.
