Canadian Medical Hall of Fame

## Discovery Days in HEALTH SCIENCES NORTH

### A Virtual Event

Thursday, November 17, 2022

8:30 am – 12:30 pm Pacific Standard Time

### Are YOU curious about careers in medicine and other sciences?

We invite grades 10 – 12 students from northern communities in British Columbia, Alberta, the Northwest Territories and the Yukon to join us online for this half day event. **Discovery Days in Health Sciences NORTH** offers a glimpse into the many **career opportunities in medicine and health sciences**.

Participants will hear a dynamic keynote lecture given by a leader in the health community, take part in an interactive workshop of choice from a catalogue of options and join in discussion with a panel of academics and professionals. There will also be an opportunity for 1:1 peer networking!

*"I wasn't completely sure what Discovery Day was before I attended, and I had a ton of fun! The workshop was great, but there was so much more to the program that was awesome! The virtual platform actually worked very well."*

**To take part in Discovery Day or get more information, talk to your guidance counsellor or science teacher today!**
