2019 IMPACT REPORT

**Honouring Excellence.
Preserving History.
Inspiring Generations.**

We invite you to be *inspired.*

FROM OUR BOARD CHAIR AND EXECUTIVE DIRECTOR

It is an exciting time at the CMHF as we advance our mission thanks to vital and meaningful partnerships at many levels and the impacts of our programs in our 25th year of service are detailed well on the pages that follow. We are encouraged that our capacity to do more going forward was strengthened this year with significant partner investments: substantial operational support from the Canadian Medical Association (CMA) for three years commencing in 2020 and program support from MD Financial Management across all our programs, including the Discovery Days in Health Sciences national presenting sponsorship.

Change was also a theme for us in 2019 and it came in many forms:

- After 16 years, we transitioned to temporary space at 100 Kellogg Lane in London, ON in anticipation of developing our new Exhibit Hall space and offices in the North Tower in 2020. This exciting, interactive destination will be home to the Children's Museum, an indoor adventure park, retail markets, a boutique hotel and an active outdoor courtyard to name a few; an amazing co-location model that means more guests will experience the sense of pride we know comes with exploring our physical Laureate displays.
- We undertook a review of our corporate identity and unveiled a new and contemporary brand, look and feel across all our programs.
- We engaged in a strategic planning exercise to lay the groundwork for further impact with emerging health leaders and youth.
- Our Virtual Exhibit Hall project got underway with valued leadership and support from board members, Laureates, CMHF Award recipients and the CMA.

Our foundation for further advancement has never been stronger. Thank you to our partners, Laureates, donors and volunteers for supporting us in our efforts to celebrate role models for the next generation of Canadian health leaders.

Be Inspired. www.cdnmedhall.org

MISSION

Recognize and celebrate Canadian heroes whose work has advanced health; inspire the pursuit of careers in the health sciences.

VISION

A Canada that honours our medical heroes – those of the past, present and future.

Canadian Medical Hall of Fame
Temple de la renommée
médicale canadienne

Our new logo embodies elements of our mission:

- Emblematic of our Laureates, the stylized laurel represents honour, prestige, education, excellence.
- The sequence of leaves symbolizes connection between generations as emerging leaders continue the work of the giants who came before them.
- The partial maple leaf conveys a Canadian heritage treasure.

The Future is bright

On October 3rd the Canadian Medical Hall of Fame Board of Directors held a strategic planning session to develop a new, three-year Strategic Plan. Through numerous discussions and activities, the board identified four strategic priorities necessary to achieve the long-term vision for the CMHF.

2020-2022 STRATEGIC PLAN

Grow Our Reputation

Increase our national profile with new and existing stakeholders

OBJECTIVES:

Strengthen our profile

- Develop and implement a comprehensive communications strategy

- Consolidate and expand partnerships and alliances with stakeholders

Inspire Generations

Inspire excellence in health, health care and the health sciences for future generations

OBJECTIVES:

Increase the engagement of our Laureates as active champions

- Increase the impact of the medical student award

Identify strategies to share the stories of the Laureates with Canadians

- Develop strong relationships with health science trainees, researchers, and early career health practitioners

Secure the Future

Build financial capacity to enable a robust future

OBJECTIVES:

Expand the scope and intensity of revenue development

- Ensure our resources align with our strategic and operational priorities

Promote Inclusion

Ensure excellence through diversity and inclusion

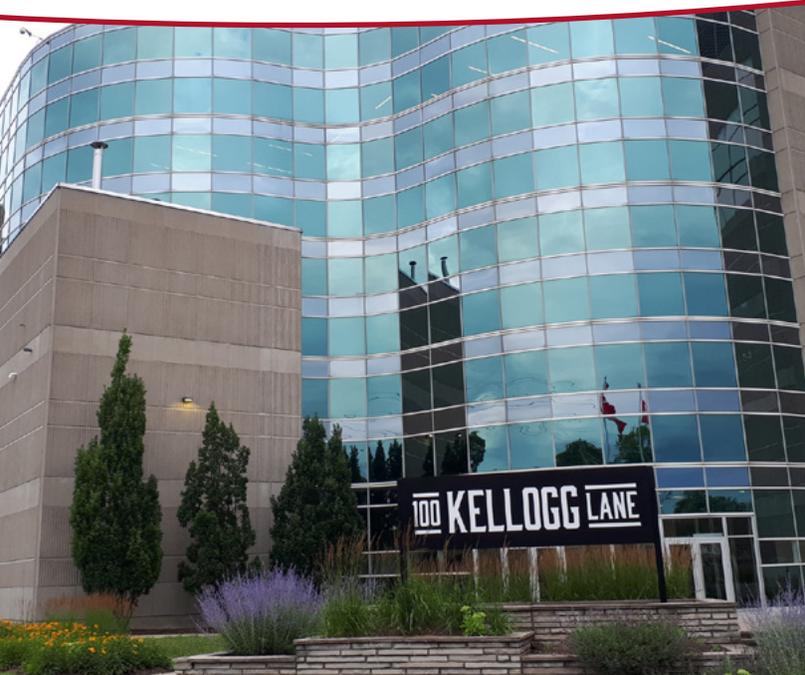

OBJECTIVES:

Increase Board diversity

- Broaden diversity of our external stakeholders

Engage with stakeholders (clinical and research) across all health disciplines in all that we do

Honouring Excellence

Honouring Excellence

2019 INDUCTION CEREMONY

More than 460 health leaders and supporters gathered in Montreal, QC and paid tribute to six new inductees and their outstanding contributions to health in Canada and the world.

The late G. Brock Chisholm
CC CBE MD MC & Bar ED
Toronto, ON

A decorated soldier and Canadian Major-General, psychiatrist and world health pioneer instrumental in the creation of the World Health Organization (WHO).

Jacalyn Duffin
MD PhD FRCPC FRSC FCAHS
Kingston, ON

A haematologist and historian, her enduring contributions to medical research and education deepen our understanding of how the humanities inform balanced, effective medical training.

Naranjan S. Dhalla
CM OM PhD FRSC
Winnipeg, MB

Internationally recognized builder of basic cardiovascular science in Canada whose commitment to ensuring the benefits of scientific knowledge are shared worldwide, strengthening the global community.

Connie J. Eaves
PhD FRS (Canada)
FRS (Edinburgh)
Vancouver, BC

A world authority on stem cells with translational impact on bone marrow transplantation treatments for leukemia and breast cancer.

James A. Dosman
OC SOM MA MD FRCPC
FRSC FCAHS
Saskatoon, SK

The 'father of agricultural medicine' in Canada devoted to improving and protecting the health of agricultural workers in Canada and the world.

Rémi Quirion
OC CQ PhD FRSC
Montreal, QC

Quebec's first Chief Scientist and one of the world's most frequently cited neuroscientists recognized for his pivotal role in advancing our knowledge in neuroscience and mental health.

about the 2019
Laureates

Honouring Excellence

“The Laureate breakfast was the BEST part of the entire event. I absolutely loved the informal setting and sitting with the other students and inductees.”

Recipient, CMHF Award for Medical Students

“The private breakfast was one of the most beneficial components of attending the Induction Ceremony. Great food and even better company!”

Recipient, CMHF Award for Medical Students

Honouring Excellence

Canadian Medical Hall of Fame
**Award for
Medical Students**

Proudly sponsored by

CMHF Award recipients received a cash award, complimentary travel and admission to the Canadian Medical Hall of Fame Induction Ceremony and the opportunity to meet and learn first-hand from our Laureates. Together, they also enjoyed a private networking breakfast.

CMHF Laureates cite qualities such as perseverance, collaboration and an entrepreneurial spirit as contributors to their success as national and world health leaders.

We celebrate the achievements of the giants of health care in Canada to fuel our pride, but also to inspire the next generation of health leaders with world changing potential.

Through the CMHF Award we aim to:

- Call out the leaders among them
- Facilitate collaboration and mentorship so that they may also achieve significant impact in their own careers
- Challenge them to “think like a Laureate”
- Promote networking opportunities for shared support to foster a growing community of Canadian talent committed to improved care and health outcomes

Canada’s medical schools are invited to identify a second year student who demonstrates these qualities.

2018 CMHF Award recipients with CMA representative Cindy Forbes MD, Board Chair Bryce Taylor MD, MD Financial Management Representatives Karlene Argenta and Marie-Josée Hamel.

2019 CMHF Award Recipients' Feedback

I am so incredibly humbled by this nomination. This award represents the efforts of the many people who have mentored me and supported my work and to them I am immensely grateful.

For one to even be mentioned in the same sentence as many of the laureates is a great honour. It was a truly humbling experience and one that I am very proud to have had the opportunity to experience.

This is truly a great honour to have been chosen for this award. I felt even more proud when I got to know the other brilliant candidates and that my accomplishments were deemed to the same caliber as theirs.

Inspiring Generations

“Instructors were great, fun to talk to and very knowledgeable – this event made me consider a career in orthopedic surgery.”

Participant, University of Alberta

“The amount of hands-on experiences that I received was amazing, I loved every minute of it. The day was educational, interesting and left me feeling confident about my post-secondary education.”

Participant, Dalhousie University

“The nurses at this workshop were extremely helpful and gave me a bunch of information that will be useful to me in the future. I am considering nursing in the future and being able to take part in this workshop was truly a blessing.”

Participant, University of Alberta, The Art & Science of Nursing in the 21st Century Workshop

In partnership with Canadian universities, hospitals and research centres, we inform and excite Canada's youth about the wide variety of career options in medicine and the health care field. By connecting high school students to world-class clinicians in real life settings, we are helping to build our future health workforce.

Fifteen events took place across Canada in Kingston, London, Sudbury, Hamilton, Thunder Bay, Ottawa (sponsored by the Kiwanis Club of Ottawa Medical Foundation), Winnipeg, Edmonton, Calgary, Vancouver, St. John's, Halifax, Montreal and Quebec City.

EVENTS**

343 Interactive Workshops

746 Health professionals serving as keynote speakers, workshop presenters and career panelists

157 Volunteers

2,433 Students

5% Indigenous

34% French

35% Rural

563 Schools

195 Teachers

15 Events

72%
of all participants told us what they thought

99% would recommend Discovery Days to another student or teacher

98% felt the career panel was valuable

93% felt the event exceeded or fully met their expectations

94% reported feeling equally or more certain about pursuing a career in health sciences than when they arrived

97% rated their interactive workshops valuable

97% reported being equally or more knowledgeable about a career in the health sciences

I'm really grateful for this opportunity and it really helped me explore this field and guided my choices for my post-secondary education. All the people hosting the workshops were very knowledgeable and helpful and they really inspired me to pursue health sciences.

Participant, McGill University | The Neuro

Easily exceeded my expectation of today. Can't wait to come to school every day and start a career in biology.

Inspiring Generations

MUSEUM SCHOOL AND CLASS TRIPS

DREAM BIG. WORK HARD. RESPECT OTHERS. HAVE FUN.

Students in grades seven and eight from St. Anne Catholic Elementary, Westminster Central, Éva Circé-Côté French Immersion and Summers' Corners Public Schools spent a week in our Exhibit Hall in an interactive environment that touches on all aspects of school curriculum. They learned about the Laureates and Canada's rich medical history, visited Banting House, conducted science experiments and heard from several community health presenters, all the while imagining and writing about their own health discovery.

ENGAGED

37

workshop facilitators, community educators and health sciences student volunteers from 12 organizations representing London's art, heritage and health community

CONNECTED

134

students, teachers and volunteers to the inspirational achievement stories of the CMHF Laureates

INSPIRED

119

students in grade 7 and 8 through a series of hands-on, experiential learning activities and curriculum-based interactive experiences

I am so impressed at the key messages that the students took to heart, which were Museum School's goal too, like to dream big, persevere, try everything, think outside the box, have fun and to respect and work together.

Teacher Comment

They really appreciated the knowledge they gained through experts in the fields presented and enjoyed the engaging presentations of each of the presenters. Several students walked away being more informed about conditions that people they know are living with. I am so grateful that my class was selected to participate in this week long opportunity. We made so many wonderful memories together.

Teacher Comment

Partner:

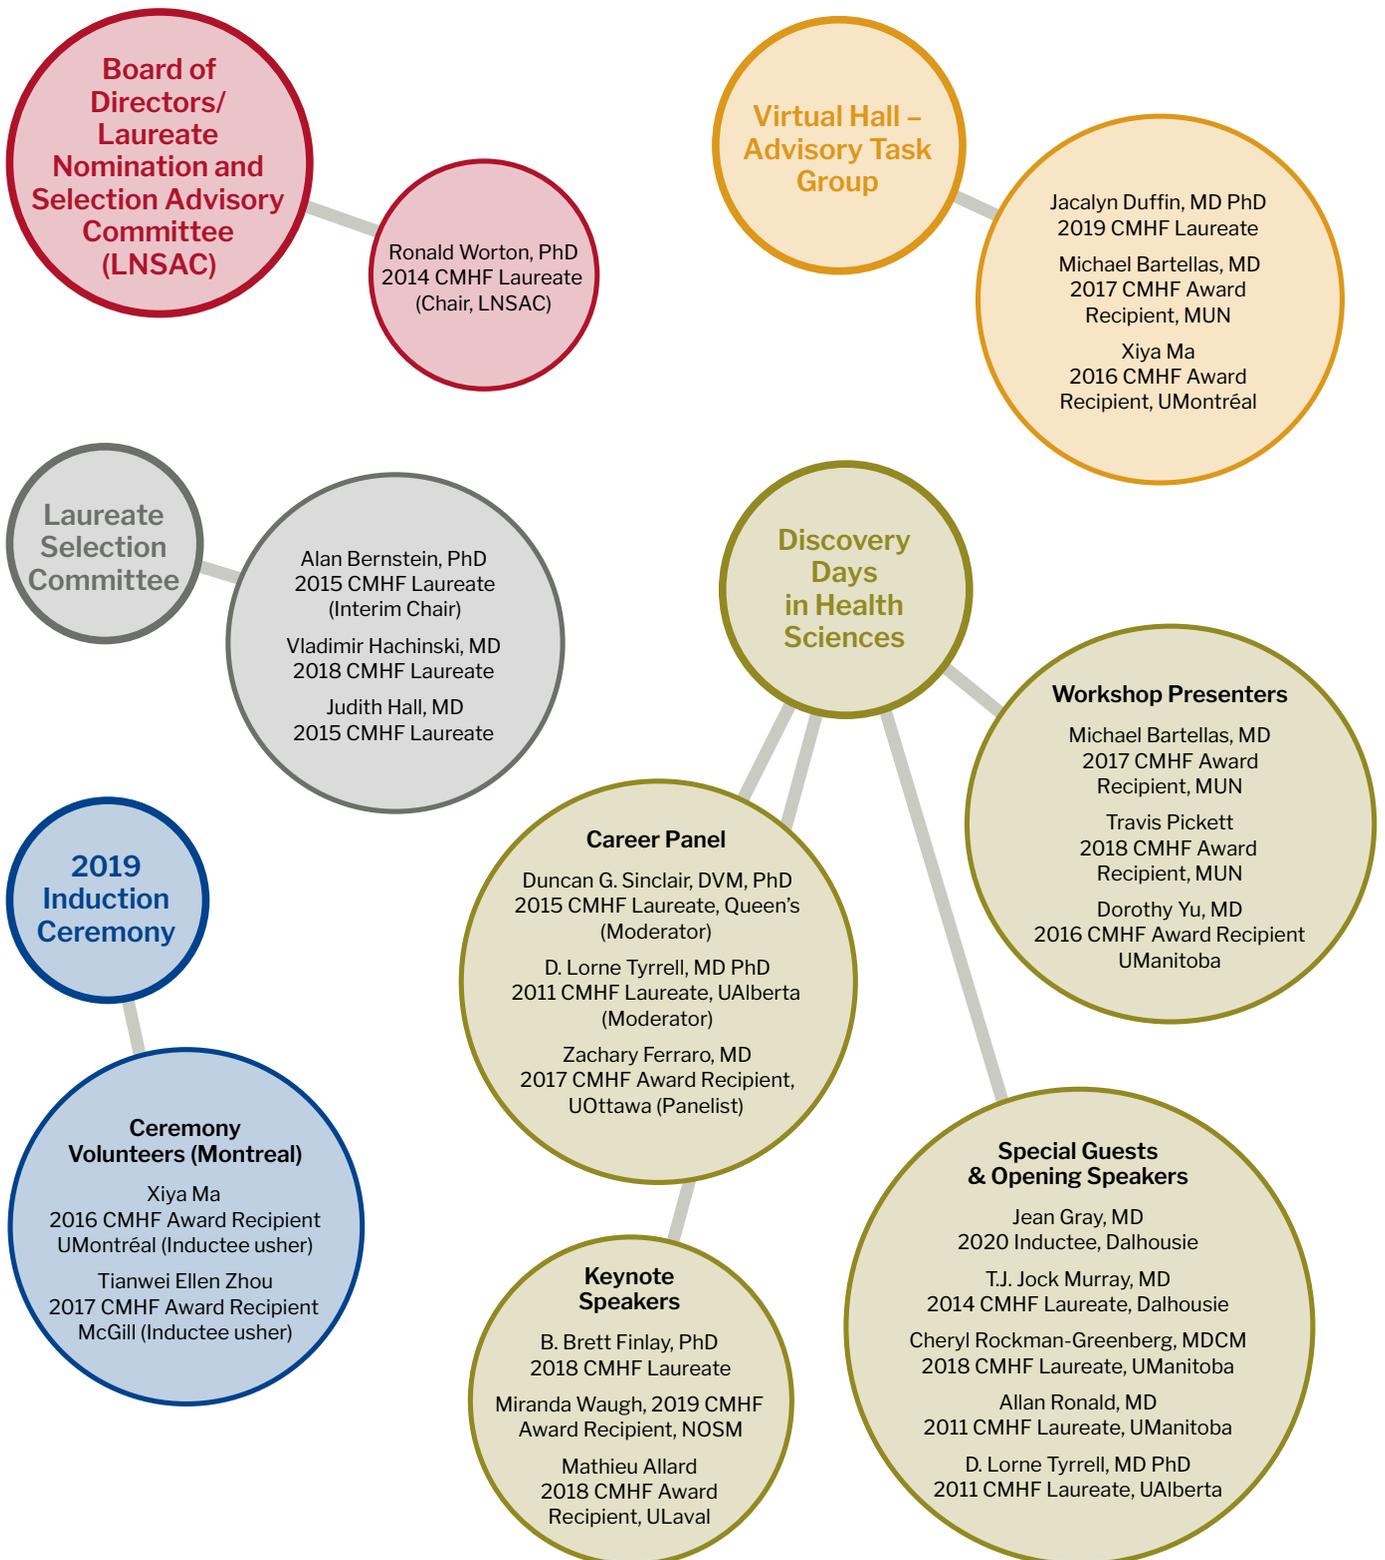

We welcomed a local homeschool class and students from the Boys and Girls Club of London for full day field trips.

Working Together ...

TO INSPIRE GREATNESS

CMHF Laureates and Medical Student Award Recipients contribute in a variety of ways to strengthen the impact of our programs. Their continued engagement helps connect generations, inspire greatness and motivate others to pursue careers in the health sciences.
